New Orleans, LA 70124

Date: Tuesday, August 8, 2023  
Time: 6:00pm

#### Board Members Present:

Monya Criddle  
Jessica Addison

#### Community Members:

Stanton Murray  
Kerry Cuccia  
Others

#### ITEMS

I. Past Accomplishments:

The ground control is much better. New Trash Cans are installed and are emptied regularly. Security is better. Lawn care is consistent and better. Signage is improved and the trailers are off the street.

II. New Concerns:

We need signage at the entrance of West End to read: West End Park and a one way side that's visible.

Lightning flashing and street lights are out (need to report to 311)

Drainage on the east side, in front of JB's Fuel Dock is weak and after a heavy rain it needs to be suctioned out.

Friends of West End are doing a comprehensive beautification project to include signage. The timeline: March 19th (opening). Kerry will help lead the efforts to identify wishlist items.

Street needs to be repaired- West Road (311)

Abandoned cars and high weeds are a problem.

What are the next steps relating to the damaged boathouses?

Pressure wash the side walls

### III. Recreation

Plan a small event, "Block Party" as a culminating event in March after the beautification project. Feelers will go out to the community to get opinions.
