### **PRELIMINARIES**

1. Call to order. (Dr. Criddle)
2. Attendance. (Dr. Criddle)
3. Presentation of the agenda. (Dr. Criddle)

### **ITEMS**

#### **1. Welcome**

#### **2. Past Accomplishments**

We thank Bryan and the staff for addressing the concerns brought up at these meetings. The trees look great after being trimmed. It looks like the lights at the boat launch have been adjusted.

#### **3. New Concerns**

Is there a list of the blighted properties so that we can keep track of the progress.

There is a possible tick infestation.

Has the fountains been fixed so that pressure washing can begin?

Some trees were trimmed but some trees were not. Is that because of contract limitations?

If so, could we amend the next contract to include all trees?

There is some inconsistency with the grass cutting.

It was said that a dumpster would be ordered but instead it looks like some trash cans were placed behind a fence.

#### **4. Recreation**
