WAITING LIST PRIORITY

- 1) Persons on the West Pier waiting list as of September 11, 2018 will remain on the Restored Harbor waiting list in the priority order that existed as of that time (subject to maintaining that status as set forth below).
- 2) All other applicants will be placed on the waiting list in order of the date of receipt of their application.

SELECTION PROCESS

When a slip becomes available, the slip will be offered to the first applicant on the waiting list based upon the above stated waiting list priority who owns or plans to purchase a vessel of the appropriate length and beam for the available slip. The appropriate slip length will be determined by the measured length of the vessel including bow pulpit, anchors, swim platform, davits, mounted tender or other extension. No vessel will be allowed to occupy a slip that requires the vessel to extend beyond the end of the slip or encroach on the pier. In addition, no slip will be assigned to an applicant that is longer than the measured length of the vessel unless, in the sole determination of Harbor staff, a larger slip would be warranted.

Once all applicants have been accommodated with a slip of an appropriate size, slips of one size larger, if available, will be offered to those still on the list in the order of priority. The applicant will pay the standard slip rate for the slip actually occupied. The applicant may then remain on the Waiting List to move to a slip of the appropriate size without payment of a transfer fee.

NOTIFICATION

Notification will be given of slip availability to the appropriate slip applicant by email or telephone. Notification will not be made by U.S. Mail. If the chosen applicant cannot be successfully contacted by telephone or does not respond to notification by email within ten (10) days, the next appropriate applicant will be chosen and offered the slip. The applicant that could not be contacted successfully will be dropped from the waiting list.

WAIT LIST PROCESS FOR THOSE WAITING TO ACQUIRE VESSEL

Should the person on the Wait List who is waiting to acquire a vessel be notified that a slip of the requested size is available, the person ("Lease Applicant") must pay a "Reservation Fee" in the amount of one quarter of the annual slip fee then in effect plus any standard fees/taxes applicable to the slip. The slip will then be reserved for the Lease Applicant for 3 months to allow time to acquire the vessel, complete documentation and acquire required insurance. One 3-month extension of this reservation will be allowed upon payment of an additional reservation fee equal to the initial amount collected with

proof of a pending sale or order of a new vessel with deposit. Upon delivery and completion of all requirements, the Lease Applicant will be provided with a lease effective date of the initial Reservation Fee and the Reservation Fee will be applied to the lease amounts due. Should the Lease Applicant not complete the process, the Reservation Fee will be forfeited and considered earned by MYHMC.

MAINTAINING STATUS ON THE WAITING LIST

This waiting list will be updated periodically by MYHMC by contacting individuals on the list by either email or telephone. If an applicant cannot be successfully contacted by telephone or does not respond to notification by email within ten (10) days, the applicant will be dropped from the waiting list. Proof of ownership and State registration or U.S. Coast Guard documentation along with proof of required insurance coverage must be provided when requested by MYHMC.
